Kirk or picard

The most important choice you'll ever make  
The one that will decide the course of your life  
The choice of the ages, the wisdom of the sages  
Will you be alone, or find a loving wife  
The choice of forever, and forever tomorrow  
Should i purchase, or should i borrow  
The choice that will define you all your days  
Is kirk or picard  
Kirk or picard  
Nothing's more important  
Nothing's more essential  
Kirk or picard  
Kirk or picard  
Nothing's more critical  
Nor more reverential  
Kirk or picard  
Kirk or picard  
And i can't give you an answer  
I can't tell you who to choose  
But there is not sitting on the sideline  
You must choose  
Kirk or picard
