Leftover popcorn

Leftover popcorn, rancid and old
Reeking and musty and covered with mold
But at the walmart for a dollar still sold
Poisoning sickening many untold

Leftover popcorn, spoiled and stale
Now they make popcorn out of organic kale
But that shit's disgusting, it's an epic food fail
Eat enough later, nauseated and pale

Leftover popcorn, gets stuck in my throat
A bag of that arsenic and my belly will bloat
If you find an old bag of it here is a note
Feed it instead to the local farm goat

Leftover popcorn, a childhood nightmare
You'd eat a bag, puke up, all on a dare
And then the green vomit all day you would wear
And the girls would point, hold their noses and stare

No old maids please
Pass the butter
Ooo i like jalaopenos on mine
I bet later i'll feel fine
Just fine
