Like a

Nothings like a
Hurricane, Like a River
Like a diamond in the sky
And nothing's like a
Man who knows just when
He's going to die

Nothings like a
Snow day
Drinking coco by the fire
And nothing's like a
Man who knows he's just
Another liar

Nothing's like a
The pain
Of watching children weep in grief
And nothing's like
Those tears and how they
Often bring relief

nothing's like the
Way i feel as i write this song
I am tired and i
Wish that everything that
Went so wrong

Last year
Never ever happened
Like a dream
Like a dream
