Love it hate it

Milky Way Bars frozen and hard  
Donuts fried in a bucket of lard  
A 2 pound bag of red m and m's  
A blister sung by the violet femmes

Meat lovers pizza just before bed  
Waking to find i'm soon to be wed  
seeing the sunrise, me and my lover  
Living in cali and ducking for cover

Hiking a trail that's unforgivingly steep  
Brandi carlile songs that are making me weep  
Passover dinner with my mom and my dad  
Movies that leave me all lonely and sad

Love it, hate it  
Can't decide which  
Hate it, love it  
This shit makes me twitch  
Love it, hate it  
no paradox lost  
All the good stuff still comes with a cost
