Much appreciated

Everything you do  
Even if it's just for you  
Even if you think it's for me  
I will not disagree  
For despite your clear duplicity  
Your gesture  
Is much appreciated

Why not, right?  
Why pick a fight  
Here's my hand  
It is much appreciated

Everything you say  
Even when you cannot convey  
Any kind of real desire  
To pull me from my selfmade mire  
Is at least a try  
Perhaps a lie  
But a gesture  
And so  
It is much appreciated
