

966-1000  
Nicotine squirrel

Rodent ate my smokes  
Drank my coffee too  
bastard quadruped  
Hear me yell fuck you  
And now i sit here watching  
As you dance a screech and twitch  
Hey there motherfucker  
Nicotine's a bitch  
Your little heart is racing  
You're running to a fro  
You're not unlike an addict  
Who snorted too much blow  
I'm laughing at your antics  
Peta's on my trail  
It's not my fault you're all messed up  
Your theft is now your fail  
I loathe you little rodent  
You're a nasty cuss  
But i won't say another thing  
I won't make a fuss  
The nicotine is working  
The caffeine's working too  
And your tiny squirrel face  
Is turning deepest blue  
So goodbye mr squirrel  
Goodbye you smelly rat  
The drugs have done their dirty work  
And the bed you just shat
