

NIGHT SCHOOL

i teach night school because i am a flirt (E, A B7)
i hope the women all wear short skirts
i don't grade papers, i don't give exams
i teach night school just to stare at those yams

i teach night school, they think that i am smart
i joke and lecture, i play the part
but i only do it for the money
and to stare at a little honey

i teach night school (A)
sometimes science sometimes math (B)
i help my students (A)
blaze a new and righteous path (B)
when they come for extra help (E)
i sit closer than i should (A, B)
but boy do those young women
smell so goddamned good

i teach night school once a week
i'm old and grizzled, my joints all creek
i can't believe i still get paid
cause i teach night school just to get laid
