Now

Thank you Nora  
You reached me somehow  
Your tender words  
To your heart i bow  
And you are right  
I'll take that vow  
NOW, NOW

There is no future  
There is not past  
We're only here  
While we last  
In an instant  
Adrift we're cast  
NOW, NOW

Banjo bob  
He roams alone  
A man with nothing  
That can be shown  
But full of love  
We cast no stone  
NOW, NOW

Always we fret  
We worry so  
Where we've been  
Where we'll go  
But here's the only truth  
We need to know  
NOW, NOW
