Oh, tea

The waiter looked at me with contempt and disbelief
I hadn't ordered coffee, i gave him no relief
Coffee is so easy, just fill the cup and all is well
Tea involves a bunch of steps, his glare damned me to hell

I carry loose leaf tea in a bag where'er I go
At truck stops in ohio they think that i'm a schmo
i brew my golden monkey and i revel in the brew
I don't care if i'm pretentious, you'd revel in it too

Oh, tea
Why not joe?
Off to india
You should go
Off to china
Heretic
But coffee gives me
A terrible tick

Oh tea
What a wimp
Coffeeman
You're the simp
Try this oolong
It is sublime
And there's no need
Your beans to grind
