Oh This time of year

This time of year, a terrible tease  
May 'round the corner and bitter the breeze  
No sun on my face, my soul to please  
Oh oh oh this time of year

This time of year, so dark and gray  
Don't know if i can take another rainy day  
Even at 54 i just wanna go out and play  
Oh oh oh this time of year

This time of year, heavy is the air  
When i lived in texas the spring was oh so fair  
But i live in nh, of this i am aware  
Oh oh oh this time of year

This time of year, suffering through again  
I keep threatening to move to LA, but i don't know when  
I guess i'll just soldier on, complaining with my pen

Oh oh oh  
Oh oh oh  
Oh oh oh  
This time of year
