Omg who cares

Facebook makes its billions by spying on us all  
Trump and his supporters want to build a border wall  
The government of myanmar may be heading for a fall  
Omg, who cares  
Who cares  
Only the meaning makers  
The claim stakers  
The dopamine fakers  
Omg who cares

Scanning the heavens for the biggest asteroid  
Afraid that if no one listens you are sinking in the void  
Or living a delusion in which you are so paranoid  
Omg, who cares  
Who cares  
Only the meaning makers  
The claim stakers  
The dopamine fakers  
Omg who cares

Obsessing about your parenting and if you have fucked up  
Wishing that you always had a brimming half full cup  
Don't you know this whole thing is a massive set up  
Omg, who cares  
Who cares  
Only the meaning makers  
The claim stakers  
The dopamine fakers  
Omg who cares

I only care about a life that makes some sense  
Where i no longer have to offer a defense  
Or hide behind an image or some other false pretense  
Omg omg omg who cares
