One wing

If you were an angel
on one wing
Would you fly in circles
And would that be ok
Flying in circles
Sheltering one woman
From the storm
Keeping her warm
During the storm

If you were an eagle
On one wing
Could you feed your children
Swooping down
To the ground
And sheltering one daughter
From the cold
Keeping her warm
In the cold

If you were an airliner
On one wing
Could you land safely
Would you save a life
One life
Just one life
On one wing
For that's the thing
Saving one life
Sheltering one woman
Feeding one child
On one wing
