Ooops i guess thats taken

Let my inspiration flow
Oh wait why do you say no
Is the because of what i've said
Oh ya this was already taken
By the grateful dead

And it's a hard rain
Why are you looking at me with disdain
I didn't mean to steal that line
I know it's dylan's and it aint mine

Do you know the way to san jose
I'm simply asking directions anyway
Oh hell you caught me again
I guess its time for me to say when

Oops
Oops
I guess thats taken
