Punish me

Punish me
I'm imperfect
Silence works
Blame me
Shame me
Punish me
I'm a work in
Progress
Punish me
Use your loud voice
Give me no choice
Call me out
I wanna shout
Shout
I want my heart
To open stay
But sometimes i want
To go away
Far away
And you
Punish me
Punish me
Punish me
You always did
You always will
