Quite true

Did we really do that
Did we choose that path
I guess i understand why
We face such vengeful wrath
Did we really calculate
Our devastating math

Yes, it's quite true

Did we really do that
How can we defend
Actions reprehensible
Can we ever make amends
And still we behave frightfully
And pretend that we are fiends

Yes, it's quite true

Did we really do that
Even after we got caught
Why is it we seem to think
All things can be bought
And yet in schools the children learn
That morality is taught

Yes. it's quite true
