Read all about you

Dear Mr. You know
I've read all about you
I hope that you prove those words wrong
Your words and your actions
Will serve as the calculus
For us to see what's really going on

Dear Mr. You know
We are vigilant watching
We're on guard for when you speak out
We hope that your musings
Are just for attention
Although right now we have our doubts

Dear Mr. you know
My friends are quite worried
They think that our nation is done
I remains hopeful
That you're just a loud mouth
That this is your idea of fun

Dear Mr. you know
I try to ignore you
I have other things in the fore of my mind
Like taking the time
To care for my brothers
And everyday trying to be kind

So Dear Mr. you know
I hope you will listen
Love is our only true end
So please treat your fellows
With the same gentle spirit
You'd give to your family and friends
