

457-1000
Reminding

Every spring
The roses bring
Reminding me

And Every fall
The angels call
The roses back again
Reminding me

Every song
you're still gone
Reminding me

And every song
It still feels so wrong
But you are still my friend
Reminding me

Every night
This can't be right
Reminding me

And every dawn
I must carry on
And i wonder about the end
Reminding me
