Say it again - dandelion

Say it again  
Please  
Say it again  
The only word i need to hear  
Say it again  
Please  
Say it again  
Coming from one so dear  
Say it again  
One more time  
Make it part of every rhyme  
You pen  
Again  
One more time  
Please  
Let the word dance  
On tongue and throat  
I will watch it  
As it floats away  
A dandelion on the wind  
Where will it land  
It matters not  
Say it again  
One more time  
And off it goes  
And resting  
Will blossom  
Will Flower  
And go to seed  
And again  
And again  
This is how we save the world  
This is how you save my life  
One word
