

483-1000
searched for a word

I searched for a word
That doesn't exist
That hasn't been named
I searched for a word
To describe what i felt
To convey what i feel
To make it seem real
I searched for a word
I searched for a word
But one never came
One cannot come
For the feeling i feel
Cannot be named
Cannot be told
I searched for a word
And then i let it go
