

928-1000
Sensible

I am sensible
But i'm not sensible
At least i think
I'm not contemptible
I think my cup is full
Maybe my cup is full
Sometimes it's hard to tell
If our cups are really full
Can i be sensible
And have my cup be full
Or is some emptiness
And even some distress
More sensible
For
Everything makes sense to me
It all makes sense to me
