Shelter down

My shelter down
My walls collapse
My heart exposed
So many traps
Gazing up
The rain comes in
Shelter down
A hazy din
And yet if i
This storm survive
Just think of how
I may thrive
Nowhere to run
Tears like that rain
Collapse those walls
In torrents pain
And maybe someday
Resurrect
Heart and mind
To reconnect
But first to start
To raze the sound
Tumble tumble
Shleter down
