Should be in DC

We should be in DC
Making our voices heard
Like those who came before
Who knew the score
Who saw that rights to be secured
Demanded voices
And so they made so many hard choices
Everyday
To be heard
To be seen
Do you remember where we have been
Before
Do you remember the struggles
The tears
And that is why i say
We should be in DC
Everyday
It's up to us to save the day
You and me
And that's why i believe
We should be in DC
Otherwise
We have only ourselves to blame
And thus Forshame
If we don't all see
That we need to be
In DC
