Sleepless nights

Sleepless nights
I've had my share
Even when
I didn't care
Even when
All alone
I had no need
To atone

Sleepless nights
Toss and turn
Youthful slumber
E'er I yearn
A mind on fire
Thoughts so hot
Between charybdis
I am caught

Sleepless nights
Turns into days
Wander bleakly
In that haze
Vivid colors
Fade to whites
All because of
Sleepless nights

Sleepless nights lay heavy on my eyes
Sleepless always and still my consciousness survives
