So ah really sorry

I'm not sure you'll believe me
Perhaps better that you don't
I'm gonna apologize
I sure know that you won't
But read between the lines
I'm actually quite insincere
In fact this time it's all for show
I don't really care my dear

So ah really sorry really sorry for that
So oops my bad my bad
So ahh really sorry, really sorry for that
Actually i'm not even a tad

In this case you're the villain
I did nothing wrong
I scream it to the heavens
I'll sing it in my song
But just to keep the stupid peace
I'll take all the blame
And on the martyr bus
I will stake my claim

Don't believe a word i say
All my sorrys are a ruse
Don't believe a word i say
And never ever confuse
Sorry...with up yours
With love, dan
