So many pundits

So many pundits
Blah blah blah
Crying if we don't listen to them
Wah wah wah
Their entire reputation
Based upon what they know
So many pundits
You know where they can go
So many pundits
Preaching to us all
But maybe you are wrong
How dare we have such gall
Challenging the holy
As they lord over the dumb
So many pundits
Oh isn't it just fun
To watch them squirm
To watch them pontificate
And to watch them go home
To nothing
