Some kinda night

It is some kinda night
Tonight
One star shining bright
A texas summer moonlight breeze
Let's walk the hills and if you please
Hold my hand
Fingers fast entwined
On this summer's eve reminding
Me
That it's some kinda night
Fireflies dance in the air
Laying their hearts open bare
To the wind
And you and me
Holding, touching
Easy steps and we're not rushing
Anywhere
Shoulders kissed
Such bliss
With you
On this night
Some kinda night
Some kinda night
