Some secrets of seeing

Here are some secrets of seeing  
And not all of them start with my eyes  
As one example i've become pretty good  
At seeing through some of your lies  
Don't worry i don't think of you ill  
You are just doing what you have to do to survive  
But one of the secrets i need you to know is i know  
And that's what i'm seeing

Another of my secrets of seeing  
Is that i can see you're broken heart  
You don't need to say even a thing  
Not sure that you'd know where to start  
This journey called life it humbles us all  
But i have some wisdom i need to impart  
And that wisdom is this, i see that you're hurting  
And that's what i'm seeing

A 3rd of my secrets of seeing  
Is that i can see love all around  
Even when things look totally bleak  
For me love and kindness abound  
I smell it in all of the places i frequent  
Love has such a unique sound  
And so this secret i hope you will believe  
For it truly is what i am seeing

My final secret of seeing  
Is i know that we'll be ok  
Sometimes it seems that the path is unmarked  
That it's hard to get through the day  
But in the end when i collapse in your arms  
There is nothing else i can say  
But deep in my heart, i trust we will make it, and i will not fake it  
And this is what i am seeing
