Spread the news

Spread the news
We need to be awake
This is very real
No it isn't fake
Spread the news
The answer lies within
Really what we need to do
Is know where to begin

Spread the news
We're pretty much the same
So much pointless suffering
What an awful shame
Spread the news
Someday we'll figure out
That John lennon was right of course
His teaching we will shout

Spread the news
The truth will set you free
Facts and science rule the day
Even if you don't agree
And now we have a man in charge
And truth he does abuse
And that is why we all must rally up
And spread the news

Truth will out
