Step out of line

Step out of line, often
Step out of line, today
Step out of line when compelled to be grim
It's time to go out and play
Step out of line, mister
Question what i say
Step out of line often
Who is it that you obey

Raise your voice, often
Stand up for what you believe
Raise your voice when the leader says silence
What does silence achieve
Raise your voice when needed
The world is imperfect and broken
Step out of line often
There's much truth to be spoken

You needn't lead
But do not follow
Obeying blindly
Now that's hollow
Question always
Be yourself
That's the richest
Kind of wealth

You needn't fight
But do not cower
Standing up
Watch courage flower
Skepticism
Underrated
Leader's edicts
Should be debated
