Stunt double

I'd love to have a stunt double  
Who did so many tricks  
He could pretend to be me  
And that way i could finally be free  
It's something i wish we could agree  
To do  
For i have so few days left i fear  
And i want to live in peace my dear  
Don't you see

I'd love to have a stunt double  
Who played the role of dad  
He'd drive my kids to and from school  
Or take them to the local pool  
That way i wouldn't look so cruel  
When i finally went away  
I wouldn't have a thing to say  
No defense to offer  
No deals to proffer  
Just me living in peace my dear

I'd love to have a stunt double  
Who lept off of the quechee bridge  
And all would think me dead  
And yet on the beach i'd live well fed  
These are things left unsaid  
Of course  
No one understands my remorse  
And regret  
But if i had a double  
All trouble  
Gone  
And me  
Living in peace my dear
