Sun sets

Look  
Look  
This is just how it is  
The sun sets  
Even the most perfect days  
End  
And the sun sets  
In brilliant hues  
The end of blues  
And then come  
Pastel pinks burning bright  
Soon the dark of night  
And dawn  
And always  
Always  
The sun sets  
There's no need to bet on this one  
The sun always sets  
And it's ok  
To weep for the end of the day  
For the end  
And  
The sun sets  
For everyone  
everywhere
