Tell me anything

Tell me anything
Except for that
Tell me i'm stupid
Tell me i'm fat
Tell me my thoughts
Aren't worth a turd
All the bad things about me
You have heard

Tell me i'm rotten
Polluted and sick
That i'm a male chauvinist
Pig with a prick
Tell me how much
Your repulsed by my scent
I'll listen with care
As you ruthlessly vent

Tell me anything
Except for goodbye
I'll spend every penny
Your presence i'll buy
Tell me you hate me
My face makes you ill
Tell me no matter
You'll stay with me still

Tell me these things
But remain by my side
I'm willing to suffer
And this i confide
The thought of you leaving
I just cannot bear
So tell me anything
Just please stay right here
