That baby's ugly

That baby's ugly
Don't pretend it is cute
It has a man head and a beard
It's impossible to refute
That baby's ugly
I'm sorry to have to say
he might be lovely down the road
But he's damned ugly today
That baby's ugly
Earrings aren't going to help
When that baby starts to cry
Sounds like a hound dogs yelp
That baby's ugly
The truth can be quite cruel
You can call her precious all you want
But please, im not a fool
And look at that thing drool
Ugly
That baby's ugly
The daycare women laugh
his face is all wrinkled up
He has a neck like a giraffe
That baby's ugly
No picture seems to work
I know i may sound mean
Perhaps like quite a jerk
But reality's a bitch
Your baby looks like a witch
Ugly
Super ugly
But we all hold out hope
That down the road
A princess will emerge
But for now
Yikes
Wow
ugly
