

937-1000
The big deep breaths

The big deep breaths
The ones we take when we scared
The ones that come when we're least prepared
Those breaths

Or

The big deep breaths
The ones that courage oft explains
The ones that silence sure disdains
Those breaths

And

This big deep breath
The one that promises better days
For all the people i secretly pray
That breath
That big deep breath
That brings
hope
