The deeper self

The deeper self
What does that mean
Does the deeper self
Yearn to be seen
All secrets out
All shame laid bare
No power in
Your judging stare
Watch me run wild
And dance at noon
And midnight howl
At the full moon
And no longer sit quiet
Upon the shelf
Is this the truth
Of the deeper self
Or is this self
A conscious point
No need to holy
It anoint
Each moment deep
Each moment true
Even in pretence
The sky always blue
Meaning making
Can now be then
The deeper self
Is it just when
A moment came
And all was right
Nothing to grasp
Nothing to fight
And so i sit
And breath arrive
Perhaps no need
To deeply dive
I honor my heart
Loves abundant wealth
And one more breath
ahhh...my deeper self
