The impossible

I'm going to attempt the impossible
Or so i've been told
I find it all very probable
Am i being too bold
Watch with amazement my friends
Watch the story unfold
Watch as like in the fairy tale
I spin straw into gold

I'm going to attempt the impossible
I'm going honestly feel
Neither hide nor away run
I'm gonna keep it quite real
There'll be tears oh a plenty
I know that's the deal
And on the alter of truth
I will always kneel

Im going to attempt the impossible
I'm going to live through my heart
While often it's broken
I don't fall apart
And when i do stumble
Again i will start
And hopefully ever
Doing my part

Anything's possible
