The same applies

Hey donald
Hey donald
The same applies to you
As applies to me
I know you care not
If i desire to be free
I know you're just puffing
When the men take a knee
Hey paul
Hey paul
The same applies to me
As applies to you
Would you take my child
Without a process due
If you knew
I would sue
Hey d.c.
Hey d.c.
The same applies to us
As applies to all
It makes me gag you have the gall
To pretend you care about a wall
To gerrymander and to stall
While thousands suffer into fall
But the rules say
The same applies
The same applies
Do you understand
The rule of law is what it's called
And someday
You will remember that day
When it becomes true
For you
Tha the same laws that i obey
You must too
