The scar

The scar  
The one you can't see  
The one that creates the divide  
Between you and me

The scar  
The one that won't heal  
Like the one on my heart  
It makes it difficult to feel

The scar  
Caused by years of self abuse  
Mostly the emotional kind  
I don't have much of an excuse

The scar  
I don't see it when i'm alone  
In the wilderness  
I do not have to atone

The scar  
I suppose i'm not unique  
It's just some kind of wholeness  
That i seek

So i'd better attend  
My lifestyle amend  
And then perhaps i can mend  
That scar
