

302-1000
There is in the world

There is in the world good
Light and love
Grief unbounded
Held with care
By people fair

There is in the world good
True embraces
Radiance
All to share
By people fair

There is in the world good
Laughter ringing
Sincerity
Souls laid bare
By people fair

There is the world good
Tender touch
Empathy
And it not rare
For people fair
To live in the world for good
