They call you the boss

They call you the boss
The boss of what i wonder
Sure you can play a tune
Sure you can really croon
And the ladies they will always swoon
But the boss
I'm at a loss
You're just a guy
Like another guy
Truth be known
However
I'd die to be you
To sing and watch the women cry
Such power
Such power
Oh what a terrible loss
That you
And not me
Are the boss
