This one

This one
Is not the last one
But this one
Won't be half as fun
And this one
You will not shun
because this one
Will never ever be done

This time
Is not the last time
And this time
I think it'll be mighty fine
And this time
I'll watch you drink that wine
And this time
we'll let it shine, let it shine

This thing
I hope is the last thing
Not a little fling
But the real thing
This one
I hope is the real thing
