Tireless

Tireless
I am not
I'll try to give you
All i've got
But often
That's not a lot
At 54
My will is shot

Tireless
I still try
Up again
Torpor defy
Sometimes
It makes me cry
At 54
So soon to die

Tireless
T'would were true
Desires many
Effort few
Another day
Still feeling blue
At 54
Soon bid adieu

Tireless
I envy those
Who do not share
My sad repose
As kurt said
So it goes
At 54
Lethargy shows

Tireless
Another song
But still i feel
I don't belong
I should've known
All along
At 54
I did this wrong
