Do not feel

Whats the price i have to pay
I don't want to feel this way
The tears like raindrops on the floor
Don't know if i can feel much more
What's the cost to kill this pain
Forever standing in the rain
A glimpse of happiness i'd steal
How much sadness can i feel

The answer to this riddle's fake
It's not a question of what we can take
But more how strong in our resolve
To e'er more human we evolve
For sorrow is our right of birth
And not for fear of gleeful dearth
The sorrow that i feel today
Exquisite please don't take away

And weeping as the sunrise peaks
And sobbing as the bedding creaks
I know that i am so alive
No hiding or smiles to contrive
And fear not, oh my precious one
Even as the teams may come
For nothing is our lives more real
Than the heart aches that we feel
