To perform

I am programmed
To perform
To jump through hoops
To make you love me
So you won't
hover above me
Lord over me
Order me around
I hate feeling as though i'm bound
To anyone
And so
I perform
I sing and dance
I jest and prance
But really
I just want
To be left alone
No sins
To atone
No one
To impress
No existential distress
But for me the norm
Is to perform
