Two doors

Two doors
Both made of wood
Which to choose
Both if i could
Perhaps different
Perhaps the same
Two doors
Alike in name

Two doors
Two rivers flow
Opened by chance
And off i go
Perhaps different
Perhaps the same
Two doors
One ends in shame

Two doors
I have the key
Can i open both
Peer in to see
Perhaps different
Paths in the end
But they're only doors
No one knows
What's around each bend

Two doors
A billion more
Every moment's
A brand new shore
Never different
Never the same
A trillion doors
I love this game
