Ugh

When the world pretends that nothing's wrong and things still fall apart
When we lie from the beginning and thus have no where else to start
When the best that we can find is a super-sized walmart
Ugh

When people say they don't know why but they're going to vote for trump
When They clearly ignore the fact that his lies define his stump
When the polls reflect insanity from the post convention bump
Ugh

When the humidity is oppressive and my sweating body reeks
When i stand up way too quickly and my aging torso creaks
When i'm sad that i'm so normal and i envy all the freaks
ugh

When i don't really want to write a song but i have to anyway
When i know the tune's insipid but i have nothing much to say
No ideas worth sharing and no insights to convey
Ugh

I say ugh, blah, leave me alone
I think it's time to go back home
I think it's time to get in bed
I think i'll watch netflix instead
I say ugh, blah, i couldn't care less
Deep apathy i must confess
I know this moment too will pass
But ugh, blah, pew, smell,
