Under my breath

Under my breath
I registered my disgust
On the outside all smiles
On the inside about to bust
Rolling eyes and shaking head
Can't believe what you just said
Wouldnt grieve about your death
I Muttered that under my breath

Under my breath
I issued my decree
On the outside mild mannered
On the side rage fiercely
mouth agape, you're so inane
You idiot, must be insane
You must snort a lot of meth
I Muttered that under my breath

Under my breath
I said that i was done
On the outside still all in
On the inside i'd already run
Hands over my ears
Hiding in the basement, chugging beers
More like cain and not like seth
I Muttered that under my breath

Shhhh
Don't tell
I wish you would go to hell
Shhh
Don't tell
I wish you would go to hell
