Underneath

What is real is underneath
On the surface false bequeath
Try the narrative to buck
Underneath not give a fuck

What is true is hiding deep
Only echoes when i sleep
Dare not tell how i truly feell
With my sorrow cannot deal

What is honest dare not say
Everyone says smile today
In my mind i do dismiss
Despite the favor of a kiss

What is true is underneath
Like the skin on tarnished teeth
The truth lies hidden in the dark
Look closely, nary leaves a mark

Underneath it all
Beyond what you can hear or see
Lives a soul tormented thus
Lives the person i call me
