

833-1000
We always get here

Somehow
Someway
We always get here
To this point
When we both anoint
Each other
The fool
The villain
The lover
The thief
We always get here
Where
Words fly loose
Feelings roil
And we recoil
Back
Until
We are alone
Agin
I refuse to atone
Because i know
We will
Get back
To this point
Always
Somehow
someway
