

445-1000

We can

The road may be rough

But we can

Do we have enough

We can

Our hearts are broken

But we can

Not a word spoken

We can

The future makes me scared

We can

So many more have dared

And we can

Together we are strong

We can

Know that we belong

And we can

I am no pollyanna

We can

I will not sing hosannah

And we can

For i know in my soul

That we can

Cause we still have rock and roll

And we can

We can

We can

I know we can

We can
